

Lord, make us fervent protectors of the world you have given us:
Where there is waste, let us practice frugality.
Where there is greed, let us model sharing.
Where there is exploitation, let us shout out against injustice.

As our environment is threatened, we pray for the poor and those in the Global South who suffer the effects more than most.

May we be vocal and persistent in demanding action on the part of governments and world leaders.

May we make everyday lifestyle choices wisely, leading by example.

Deepen our understanding of the environment and our love of each other, that we may preserve your gifts for generations to come.
Amen.
